# Our Vision, Our Mission

**Our Vision:** A world where individuals on the autism spectrum and with learning differences thrive and are valued.

// **The mission of MLC** is to **transform** the lives of individuals and families affected by autism spectrum and learning differences.

We **educate** individuals in ***Real Skills for Real Life™*** so that they may achieve sustained independent living, rewarding employment, financial security, personal growth, and responsible citizenship.

We **adapt, evaluate, and continuously improve** our methods, recognizing and valuing each individual's skills, contributions, and dreams.

We **champion** our students and graduates, carry their successes into the world, and collaborate with others in service of our vision. //

did  
you  
know

Autism is more common than childhood cancer, diabetes, and AIDS combined.

# Our Values

---

## **Experiential Learning**

Our students and graduates learn by doing. Our motto, Real Skills for Real Life™, embodies our commitment to enhancing student achievement and success through hands-on learning.

## **Community**

Our students grow in self-awareness, confidence, and self-esteem. We foster physical, social, and emotional wellness in a diverse, compassionate, nurturing, and respectful environment.

## **Fun**

We foster creative, positive interactions among students, graduates, and staff to establish mutual respect and caring and help our students develop important emotional, social, and cognitive skills.

## **Accountability**

We focus on what individuals do well rather than on what they cannot do. We carefully assess each person's progress to design learning strategies that capitalize on the individual's strengths, abilities and interests. We use current research and professional practices in all our work.

## **Team Work**

We encourage an innovative and supportive workplace where our professional staff participates in making decisions that advance its work, our mission, and our students' achievements.

## **Partnerships**

We collaborate with educational, vocational, business, and non-profit partners to further our students' success and independence. We value highly our internal community of students, parents, graduates, staff, volunteers, extended families, donors, and alumni. We recognize every partner with a grateful heart.

## **Integrity**

We strive to practice the highest ethical, financial, and moral standards in our work. We honor our commitments, take personal responsibility for our actions, and treat everyone with trust and respect.

# Letter from Amy

## *Thank you.*

After successfully completing my first year as the Executive Director of Minnesota Life College (MLC), the only thing that comes to mind is, “thank you!”

I could not be more proud to lead this dynamic organization, which embraces clear mission-focused thinking, an adaptable approach, and a willingness to listen and understand. This organization boasts a talented team of employees with an extremely high energy level, an engaged Board of Directors who are constantly striving for the best interest of our students, graduates, and our families, and a solid foundation of community partners.

It is because of this incredible network that we are able to achieve so much and reach so far. I am so appreciative of the financial support committed to our organization on an annual basis, and every dollar we receive is invested back into our mission. Our supporters truly understand the impact we are able to make on a daily basis. They value education and the importance of teaching Real Skills for Real Life™ in an immersive, safe environment.

Our annual report will speak for itself and the accomplishments we’ve achieved throughout the 2012-2013 program year, including record-breaking enrollment and gala numbers, facilities renovation support, and steps towards making a bigger impact on the greater community.

As a new Executive Director, my message is simple: thank you. The commitment all of you made to MLC over the years allowed for a successful transition in leadership and one of our best years yet.

Sincerely,

A handwritten signature in cursive script that reads "Amy Gudmestad".

Amy Gudmestad  
Executive Director

# A Year of Growth

---

- July** // Amy Gudmestad is appointed as the new Executive Director of Minnesota Life College.  
// The Graduate Living Community (GLC) enrollment grows to 45 members.
- August** // The Undergraduate (UG) Program welcomes 17 freshmen in the largest class to date.  
// MLC conducts 40 hours of staff training to prepare for the new program year.
- September** // UG kicks off evening and weekend extra-curricular classes, providing more structure.  
// MLC founds the Junior Board of Directors.
- October** // We partner with the Southdale YMCA to offer free monthly presentations to the public on the topics of healthy living, social wellness, and independence.  
// GLC partners with The Arc Greater Twin Cities to provide Lifetime Assistance Planning (LAP) to families.
- November** // Mary Christianson, MLC instructor, and student Chris Isensee speak at the Conflict Resolution Center annual event on the topic of restorative justice.
- December** // Chrissy Cleveland, MLC's Autism Specialist, pilots the 9th Planet curriculum and contributes social skills curriculum development.
- January** // UG students attend women's and men's leadership retreats, in partnership with True Friends Camps.
- February** // MLC recognizes all 45 members for their participation in the community and within the GLC program.
- March** // MLC hosts our biggest gala ever, with record-breaking attendance and dollars raised to support programs and scholarships.  
// The Board of Directors approves the Campus Improvement Project.
- April** // MLC staff present at the national Independent Educational Consultants Association (IECA) conference and for the Autism Society of Minnesota.
- May** // Eight individuals graduate from MLC and bring our employment rate to 92%.
- June** // The Campus Improvement Project breaks ground.  
// The Summer Internship Program (SIP) serves 10 teens and young adults, resulting in 50% enrolling in the Undergraduate Program.

Most people with learning disabilities are of average or above-average intelligence.

# Our Programs

## UNDERGRADUATE PROGRAM

Focused on building fundamental living and employment skills, the Undergraduate (UG) Program is at the heart of MLC's mission. Our holistic, strengths-based model allows students to learn in the way that is best for them and then practice the skills in a safe and supportive environment. The apartment-living setting allows students to learn personal finance, apartment management and healthy living skills in a real-world setting without having to take these leaps on their own. In addition, job training provides the opportunity for students to practice and learn critical employment skills in the working world, with paid job placement being the goal for everyone prior to graduation.

## GRADUATE LIVING COMMUNITY

Our Graduate Living Community (GLC) fosters independence and active community living for qualifying graduates of the Undergraduate Program. This unique program offers a wide variety of educational, healthy living and social activities to help members stay connected to one another and their community. Employment, independent living and interpersonal skills support is also available as needed to support members in maintaining healthy, happy and successful lives.

## SUMMER INTERNSHIP PROGRAM

High school students from across the country converge in Minnesota each summer to get a taste of the independent life with our Summer Internship Program (SIP). Students practice work skills at local employer internships, learn about living on their own as they navigate managing their apartment, and make lifelong friends while exploring the sights and activities the Twin Cities have to offer. Students leave the three-week program with a solid understanding of their strengths, skills and abilities and a new outlook on their potential and the opportunities that lay ahead for them.

did  
you

\*Year-end totals. No SIP program in 2010.

## GENDER

## DIAGNOSES

## GEOGRAPHIC AREA

Our students come from all over the country. In 2012-13, the following states we represented:

- |            |                |
|------------|----------------|
| Arizona    | North Carolina |
| California | North Dakota   |
| Colorado   | Ohio           |
| Florida    | Pennsylvania   |
| Illinois   | South Carolina |
| Indiana    | South Dakota   |
| Iowa       | Texas          |
| Michigan   | Virginia       |
| Minnesota  | Washington     |
| Nebraska   | Wisconsin      |
| New York   |                |

did  
you  
know

Autism was added as a special education in 1991 and now is the sixth-most-common classified disability in the U.S.

# Our Partners

**We can't do this alone.** In order to excel at what we do best: teaching real skills for real life to those who learn differently, we must look to community organizations and businesses for support in their areas of expertise. Partnering with others so all parties can benefit from our mutual experience only makes each of us stronger, and able to serve more individuals and families as a collective whole. Everyone wins!

**In 2012-2013, Minnesota Life College fostered a partnership with 9th Planet.** 9th Planet is an organization that creates social skills videos for teenagers and young adults on the Autism Spectrum. Our students and staff were able to view their video modeling and the associated curriculum and offer suggestions for their utilization. In fact, some of our students were so interested in the work 9th Planet was doing, they were invited to perform in some of the videos. Like Paul (our cover student), who had a featured role in a segment on friendship. Who knows? Perhaps we are seeing a star in the making!

**Nowhere were the mutual benefits of the collaborations with our community partners in 2012-2013 more apparent than with the Southdale YMCA.** Noting that most of our students never accessed fitness classes offered by the YMCA because they felt intimidated, our Assistant Director of Programs Aaron Carper worked closely with the Southdale YMCA to develop a variety of fitness classes designed to give students a basic understanding of the activities associated with them. From Water Aerobics to Zumba, our students were given the opportunity to test new things out in smaller groups. Because their comfort level rose, our students were able to try out other classes on the YMCA schedule and explore other fitness activities on their own and with friends.

**Please join us  
in recognizing the  
valued partners  
who helped MLC  
increase our reach  
and effectiveness  
in 2012-13:**

Walgreens

For years, the staff at Minnesota Masonic Home in Bloomington have mentored UG students as part of the Training Internship Program, a critical component of our Work Readiness Program. Their constant examples of hard work, dedication, and compassion have inspired all of our students in some way, but no one more so than Joey. As an intern, Joey learned the nuances of excellent customer service from his supervisors and when a paid position opened up in the spring, he jumped at the chance to join the Masonic team. Today, Joey keeps up the skills he was taught through his Training Internships as a Dietary Aide. What is the best part of the job according to Joey? "Working around people you enjoy; being with them and helping them!"

## 2012-2013 saw the development of a Retail Training Skills Externship with Walgreens.

Designed specifically for our students to learn retail skills in a real world setting, the externship experience allowed our students valuable opportunities to explore a variety of jobs, including warehouse, stocking, and customer service. Just ask Rebecca. After completing her six week training, Rebecca was able to translate the skills she learned at Walgreen's into a paid position at a local restaurant. As she put it "Learning customer service at Walgreens has helped me land a paying job."

## EMPLOYMENT HIGHLIGHTS

- // All seniors entering GLC had paid employment at graduation
- // Job retention in paid employment was at 92%
- // 25 different employers hired an MLC student or graduate.
- // MLC hosted an intern from the University of Wisconsin-Stout in their Masters of Science in Vocational Rehabilitation
- // 100% of the freshmen completed Vocational Skill Assessments and Interest Inventories
