MICC COLLEGE PROGRAM

Year 1 Overview

Our program encourages the personal growth of each participant through a unique and individualized process. Throughout Year 1 coursework, participants focus on independent living skills and are encouraged by staff to identify the skills they need to live independently. The program understands the importance of instilling healthy living initiatives into the lives of participants. Evening and weekend electives cover a broad scope of health and fitness. Year 1 courses illuminate the value and meaning of independent living and employment exploration while creating an environment for peer relationships to flourish.

Year 2 Overview

As participants progress onto their Year 2 coursework they continue to gain valuable social experiences and begin to develop their own community within an ever-changing “real world” setting. The courses continue to guide participants on developing their activities of daily living skills, which are a key component to building independence and a healthy, balanced, and fulfilling life. In Year 2, participants pursue practicum training in their chosen Career Certificate industry, investigating future job opportunities.

Year 3 Overview

The ability for participants to be employed and maintain employment, so participants may live independently, is the heart of our program. Year 3 courses provide participants with the skills necessary to navigate the job search and interview process, build and maintain the understanding of apartment living, and successfully transition to independence.

PROGRAM FEES

Total Annual Cost of the MICC College Program

The annual program fees includes all instruction, books and instructional materials, participation in classes, activities, and electives, staff supports (1:4 to 1:12 based upon curriculum, staff:participant ratio), transportation, and activities. Participant advisory and support services are largely delivered one-to-one with dedicated staff including advisors, instructors, job developers, and transition specialists.

MICC participants are not eligible to apply for federal financial aid. However, the direct cost to participants/families for courses and supports may be lessened through a range of possible funding sources often available to participants with developmental disabilities such as Waivers (MN: CDCS option, WI: IRIS), other county services, and financial assistance offered through Minnesota Independence College and Community.

Minnesota resident cost breakdown rates are available upon request.

ROOM AND BOARD

Annual Room and Board Cost \$8,160

Includes a furnished apartment and utilities, grocery and laundry stipends, and Southdale YMCA access.

Additional costs not included in total cost:

Health Insurance, Medications and Mental Health Care

This cost varies per participant. Health Insurance is required of participants attending MICC, and needs to be taken care of by each family. MICC does not provide health insurance for participants.

Cell Phone

Participants will be required to have a cell phone while enrolled in the program in order to maintain communication with program staff at all times.

Indirect Costs

In addition to the direct costs, Minnesota Independence College and Community estimates that each participant should plan for \$1,000 in indirect costs to cover college-related expenses such as tickets to events, going to a movie or dinner with friends, spending money for weekend activities, buying laundry detergent, toothpaste, etc. Participants on average bring about 20-25 dollars per week for spending money and sundries.

Travel to and from home for breaks

Varies by participant's home locale.

529 Plans/529A (ABLE) Plans

MICC is a registered 501(c)(3) non-profit organization and is CARF accredited. For tax purposes, MICC is not considered an eligible educational institution by the IRS and does not issue 1098-T forms. Payments made to MICC from a 529 Plan are considered non-qualified distributions. Since the introduction and passing of the ABLE Act, families with children with special needs may fund a 529A Plan, which can be used for a program such as MICC. The Tax Cuts and

Jobs Act of 2017 did include a provision for limited rollover of funds from a 529 Plan to a 529A Plan. Please consult your tax advisor for information on how this may apply to you.

MICC Financial Assistance

Please contact Financial Services if you are interested in applying for Minnesota Independence College and Community's financial assistance program, coordinated by TADS program fees services. MICC awards a limited amount of need-based financial assistance each year, with a maximum award of 50% of program fees covered. MICC does not qualify for any Federal Financial Aid. Participation in MICC College may qualify as a medical tax deduction. Consult with your tax advisor. Families with state or county funding may be able to use portions of their funding to offset program fees costs. In Minnesota, individuals can use CDCS Services, and Wisconsin residents can use IRIS funds. For information about other states, please contact admissions at 612.876.9409. Alternate forms of funding sources may be accepted at MICC, please contact admissions to learn more.
