Resource Presentations

**FutureLife Options™**
*Allycia Wolff from Arc of Minnesota*
For All MICC Families and Participants
Families of people with disabilities want their loved one’s future to be secure and happy but may not know exactly what to consider. The Arc Minnesota created FutureLife Options™ as a comprehensive program to help families have peace of mind about the future. With support from an Advocate, families consider every area of their loved one’s life and document it all in one place. Each plan is designed for the individual, the people in their life, and anyone who will be there for them in the future. The plan outlines how to make dreams a reality, while also addressing legal or financial planning. Allycia Wolff, an Advocate from The Arc, will give an overview of the program and participants will have the opportunity to ask questions and hopefully join a cohort of MICC families going through the process together.

**SSI/SSDI 101 Overview**
*Jena Kulenkamp, Transition and Resource Coordinator*
For All MICC Families and Participants
Learn more about disability programs administered by the Social Security Administration including a comparison of Disability Insurance Benefits and Supplemental Security Income programs while explaining the requirements for each. The session will also cover the process the Social Security Administration uses to determine eligibility for disability benefits.
BestNotes Portal Training
Chrissy Cleveland, Assessment and Accountability Program Manager
For All MICC Families
